EXPERIENCE

Data Technology Officer

Intesa Sanpaolo S.p.A.

Jun 2017 – Ongoing Turin, IT

I'm working full-time for the Information System Head Office in the Data Technology Office, which takes care of:

- defining architectural and data governance policies;
- coordinating and supporting Data Technology Owners crosswise the bank's group;
- collaborating to activities related to the "Big Financial Data" project.

Co-president

Bear Entertainment

Mar 2012 – Ongoing Turin, IT

I founded BE in 2012 and since that day I'm holding the position of co-president. Mainly I manage the financial and bureaucratic part of the company: I plan business and marketing strategies with the board and I take care of accounting, asset management and staff administration.

Business Analyst Intern

Intesa Sanpaolo S.p.A.

Mar 2017 – May 2017 Turin, IT

I worked for the Information System Head Office alongside a team that manages the development of applications related to the "Big Financial Data" project.

Trading Universiads

Directa Sim

Oct 2014 – Apr 2015 Turin, IT

Seven months trading competition between university teams from whole Europe with real money sponsored by Directa Sim. We mainly worked on FTSEMIB stocks, exchange-traded funds and options on european indexes and exchange-traded commodities. My team earned +7,02% and qualified in position 31th/150.
